PROFILE

Product Designer with 15+ years of experience across fintech, crypto, and complex digital products — specialising in UX strategy, scalable design systems, and design operations.

Known for identifying root problems and turning around underperforming products, stepping in to lead end-to-end execution across product, design, and engineering.

Delivers high-impact results with limited resources — strong focus on efficiency, speed, and measurable business outcomes.

EXPERIENCE

Independent Design Consultant · Self-Employed — 2023–Present

- **Hong Kong Jockey Club (HKJC)** — Led UX revamp of membership app — directed team of 7 designers across end-to-end product redesign
- **Generali** — Refined feature flows and led full usability lab testing — collaborated directly with PM, reporting to COO
- **Garlican** — Drove product design strategy for fintech startup — led team of 4 across app and web platforms
- **Additional campaign and web design projects** — Leading small design teams across multiple clients
- ADPList Top 100 Global Mentor among 30,000+ mentors worldwide — coached 300+ designers on portfolios, career strategy, and interview preparation

Lead Product Designer · OSL Security Limited — Licensed Crypto Exchange, HK — Sep–Dec 2024

- Led UX direction for institutional and retail trading products — RFQ/RFS workflows, token hub, full website revamp
- Rescued a failing homepage redesign; delivered approved solution within 2 weeks
- Drove cross-functional alignment across PM, engineering, and senior stakeholders
